'Alam

Hazrat Abbas (a.s) was the flag bearer of Imam Hussain (a.s) army. The enemy tried to take away the 'Alam but until today it can be found in Karbala, in the mosque and in our homes.

Put the 'Alam back together by cutting it out and gluing it together on a separate sheet of paper, or you could number it 1-6 in the correct order.

Strike through the Holy personalities that the riddles rule out to reveal the one Holy personality we want to commemorate.

Can you pair up 6 sets of two cradle playing cards? Study each one closely.

The Final Farewell

Imam Hussain (a.s) was the last member of the family to go out to fight on the battlefield on Ashura day.

What do you think the heroines of Karbala were thinking, saying and feeling?

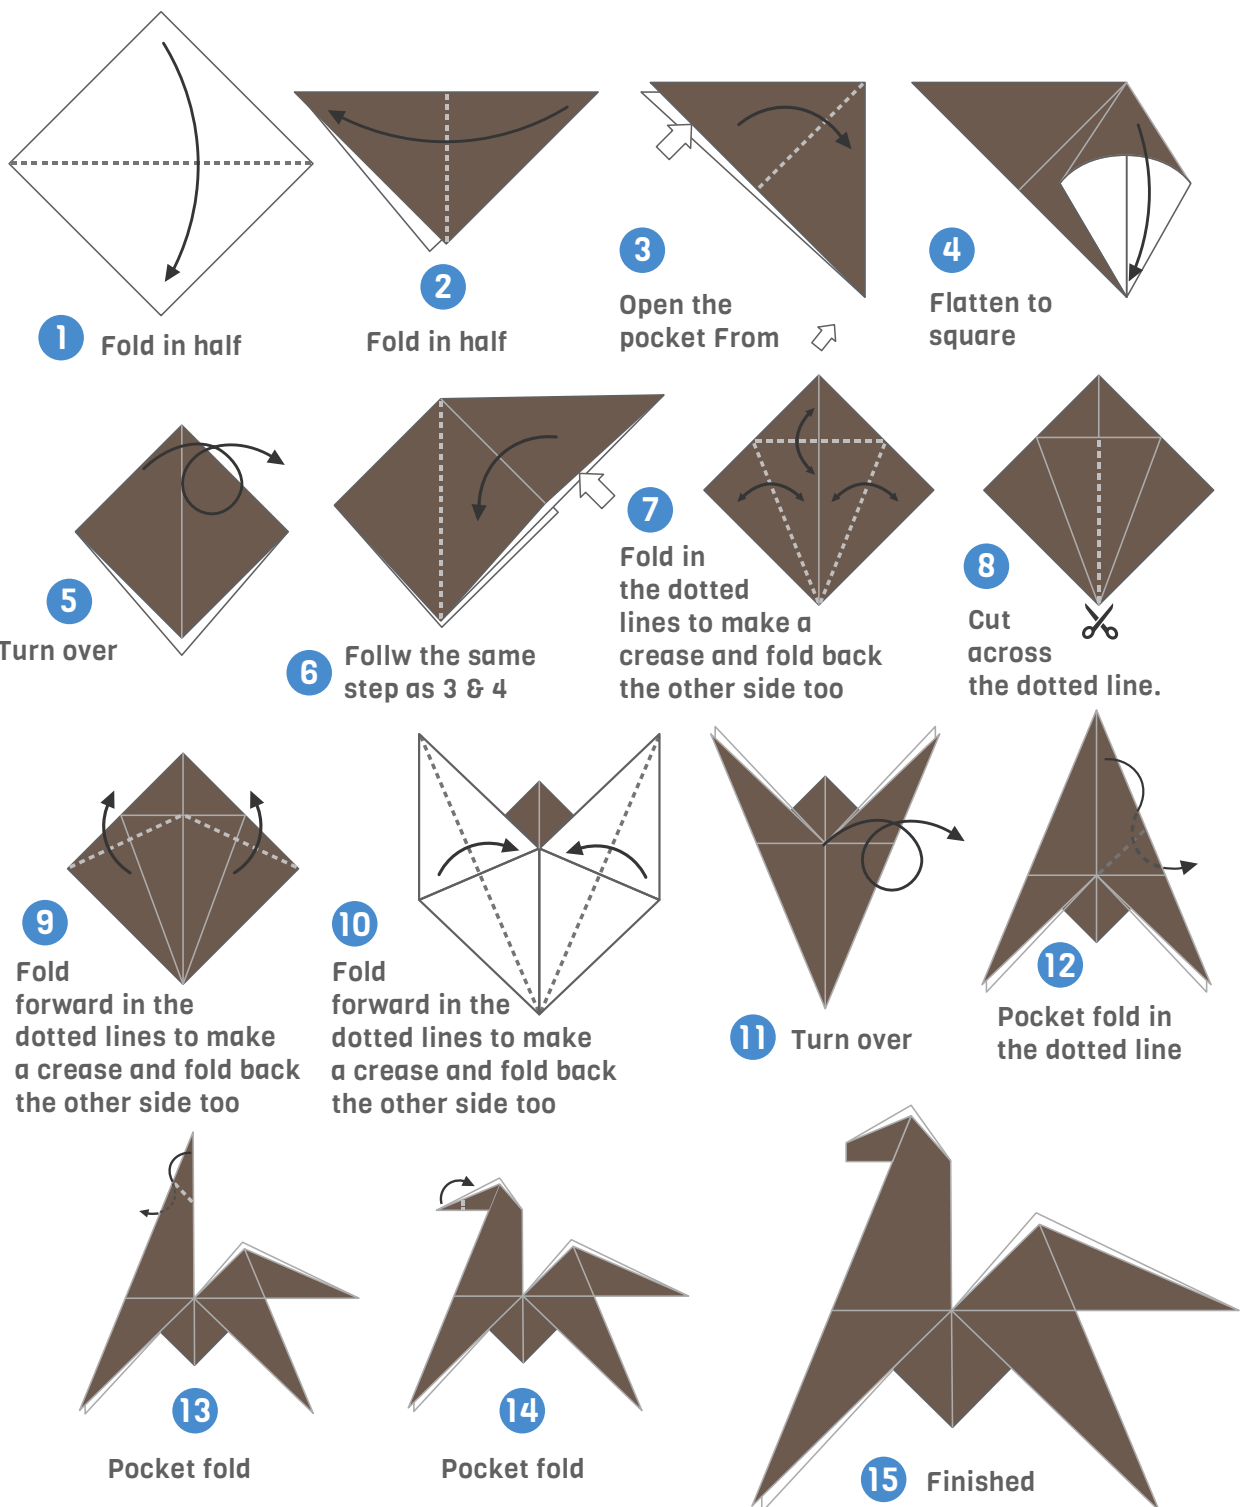

Zuljina

Zuljina was the brave horse that took all the members of Imam Hussain (a.s) family out to the battlefield on Ashura day.

Make an origami version of Zuljina by cutting out a square piece of paper and following the instructions below.

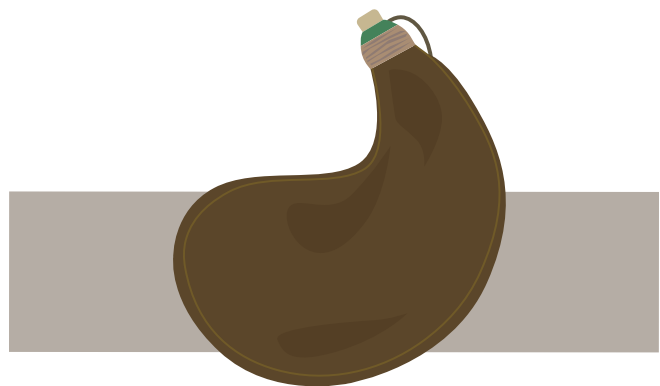

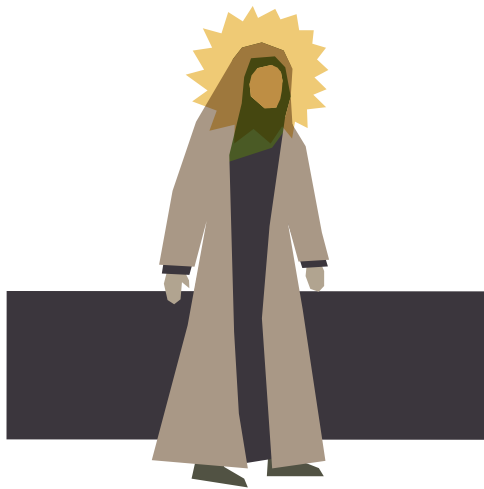

The thirst of Bibi Sakina (s.a)

On Ashura day Bibi Sakina (s.a) was desperate for water, she asked her uncle Hazrat Abbas (a.s) to get her and the other children some water. Hazrat Abbas (a.s) rushed to help her and went to get her water where he became a martyr.

Cut out the finger puppets below and give a lecture using your finger puppets on the story of Bibi Sakina (s.a) and Hazrat Abbas (a.s).

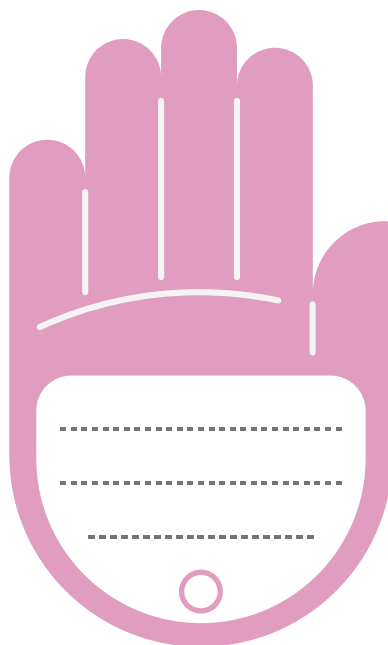

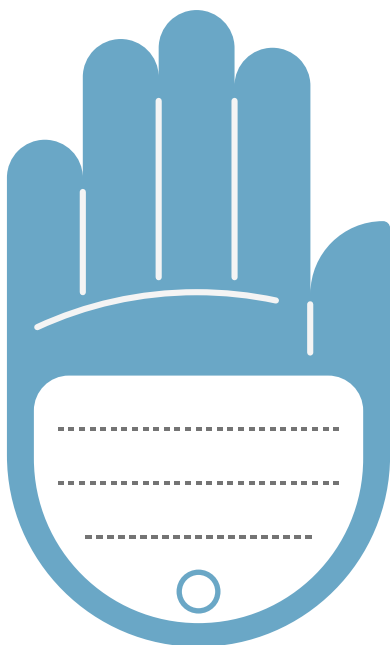

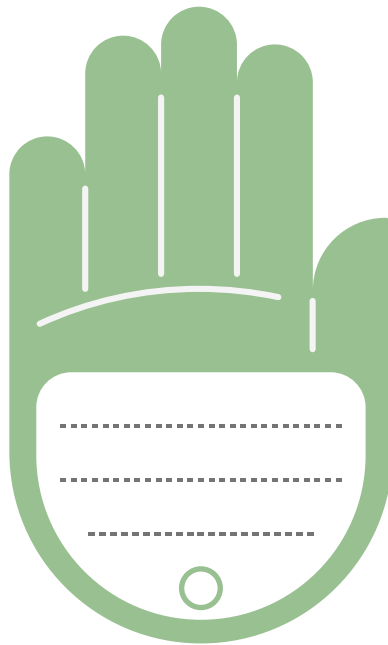

★ You can also cut out and use other images in this book for your finger puppet Majlis. ★

Hazrat Abbas (a.s)

Allah (SWT) granted Hazrat Abbas (a.s) the ability to help people and make their wishes come true which gave him the title of Bab Al Hawaii, the door of dua.

Cut out the helping hands below and write a message on how you can help the people you give a helping hand to.

Sayeeda Zainab (s.a)

Sayeeda Zainab (s.a) is known as Sabira which means the patient one. She witnessed her brother, children and family being martyred but she was patient and had full trust in Allah (SWT).

We all go through hard times in our lives, so we need to learn how to flip our triggers of impatience into patience!

Imam Zain Al Abideen (a.s)

Imam Zain al Abideen (a.s) went through many hardships. He watched his loved ones attacked by arrows, he saw the tents of the ladies blazed with fire on Shaam-e-Ghariba and he was dragged in chains all the way to Shaam. The whole time he stayed strong and had great courage.

Make a courage jar and think of what you can put inside. Write a set of ingredients for your courage jar.

Hazrat Hur (r.a)

Hazrat Hur (r.a) was on the side of the enemy, he even denied Imam Hussain (a.s) and the Holy Ahlulbayt (a.s) from getting water from the river. However he realised he made a major mistake and apologised to Imam Hussain (a.s).

We all have made mistakes in the past but the most important thing is that we realise it is a mistake, and understand not to do it again and move on.

Fill in the sheet below following the instructions.

The mistake I made was....

Why it happened...

I chose to ignore the following character traits :

Cooperation _____

Respect _____

Following Rules _____

Caring _____

Honesty _____

Responsible _____

Dependable _____

Describe how you will try to avoid the mistake and show good character from now on? (Use the character traits you have ticked).

Imam Hussain (a.s)

Imam Hussain (a.s) was an amazing person and treated everyone fairly, justly and kindly. On 2nd Muharram when the enemies needed water he gave it to them, even though he knew these people had come to fight him and his family. On Ashura Day when they were attacking him he kept telling them if they apologise and do tawbah and stop attacking him they will be forgiven.

Track the kindness you do in the name of Imam Hussain (a.s) everyday for the month of Muharram.

Hazrat Aun & Muhammad (a.s)

Hazrat Aun & Muhammad (a.s) were brothers and best friends, they worked together to help defeat the enemy. Sometimes we fight with our siblings or friends when we shouldn't.

Fill in the diagram below to show the things you do well and the things your sibling or friend does well. Then write the things you both do well together and focus on these things the next time you think you might get angry at each other.

Things we
both do well

The tragedy of Karbala showed us the importance of water. We must all protect the environment by stopping the waste of water.

Put a tick in the second column each time you do a listed activity. Calculate each activity's total water use by multiplying the number of ticks by the number in the third column. For showers, multiply the total number of minutes spent in the shower by 5.

Activity	Number of times over 2 days	Amount of water (litres)	Total amount of water used (litres)
Taking a shower (number of minutes)	<input type="text"/>	10L	<input type="text"/>
Taking a bath	<input type="text"/>	80L	<input type="text"/>
Flushing a toilet	<input type="text"/>	7.5L per flush	<input type="text"/>
Brushing teeth	<input type="text"/>	6L per clean	<input type="text"/>
Hand face washing	<input type="text"/>	2L per clean	<input type="text"/>
Food and drink preparation	<input type="text"/>	15L per occasion	<input type="text"/>
Washing up by hand	<input type="text"/>	15L per occasion	<input type="text"/>
Dishwasher	<input type="text"/>	42L per load	<input type="text"/>

Does this amount surprise you? **Total....**

Can you think of other places where you might use water?

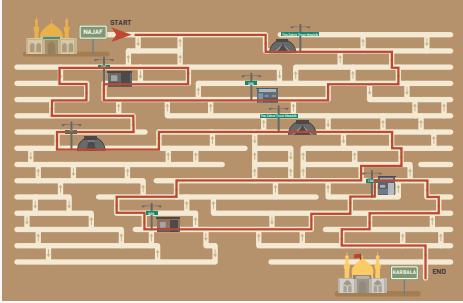

.....

Using a little less at each activity can add up to big savings!
